EQUINOX

Aluminium Lightweight DJ Booth System MKII

User Manual

Order code: EQLED12P

WARNING

FOR YOUR OWN SAFETY, PLEASE READ THIS USER MANUAL CAREFULLY BEFORE YOUR INITIAL START-UP!

- Site the booth on a level, stable surface
- Booth must be unfolded and setup as per diagram overleaf.
- Incorrect setup may lead to additional stress on the frame and components.
- Take care to keep fingers, body parts and loose clothing away from moving parts
- Shelf loading: 25kg max. (evenly distributed)
- Do not stand or sit on the shelf

Aluminium Lightweight DJ Booth System MKII

This ultra lightweight, aluminium Equinox DJ Booth system comes supplied with a sturdy shelf, carry bag and white and black lycra covers. Additionally you can create a white starcloth effect when combining the white lycra supplied and the optional black starcloth. The latest add-on to this system is the optional overhead kit, this allows the user to create a full light show without the need to have separate lighting stands.
