

MTM-58 5.8 GHz Interlinking Transmitter Module

Features

- Compatible with ISM 5.8 GHz receiver modules.
- 12 selectable channels, with LCD display.
- Modular design allows for easy installation and maintenance.

Specifications

Matching Receiver Modules	ISM 5.8 GHz receiver modules
Frequency Range	5725~5850 MHz
Bandwidth	125 MHz
Oscillation Mode	PLL synthesized
RF Output Power	20 mW
Spurious Emissions	< -40 dBm
