With this innovative new castor plate there's no longer a need for a large and heavy castor board.

Castors bolt directly through the wheel plate into the W0098-FM's integrated

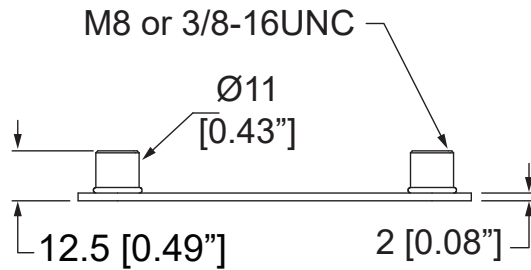

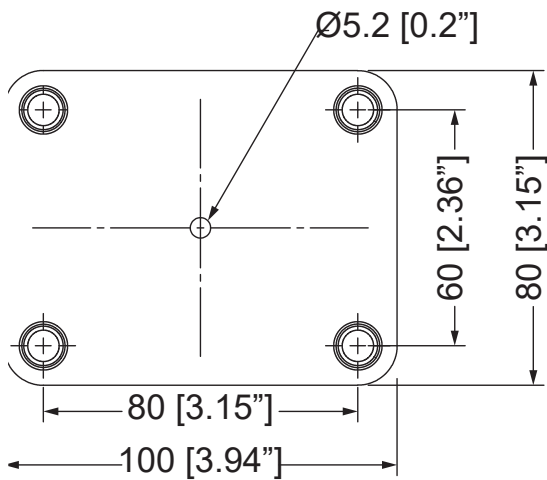

M8 threads or 3/8-16UNC threads with no need for any t-nuts.

Significantly reduce your overall case weight and speed up fixing time with this new system ideal for fast or automated production.

- **No T-Nuts Required**
- **Huge Time and Cost Saving**
- **Ideal for Automated Production**
